PROFESSIONAL SUMMARY

Software Engineer and Full Stack Developer, **CEO and founder of JESS Branding** and **MSc student in Computer Science at PUCPR**, CAPES Scholar. Over 4 years of experience in web, mobile and back-end development with Java, Spring Boot, React, Flutter, .NET, PHP and MySQL, from requirements gathering to launch. **First author of an international paper at ICEIS 2026** on LLM-supported usability evaluation. Awarded the Marcelino Champagnat Award as the sole outstanding student of the PUCPR Software Engineering class.

PROFESSIONAL EXPERIENCE

CEO & Founder

02/2026 - Present

JESS Branding · Piraquara, Brazil · On-site and remote · jessbranding.com.br

- Founded and lead the strategy of JESS, a branding, websites and systems company
- Websites, landing pages, digital catalogs and custom systems for clients such as GM Select Brasil and Riss Planejados
- End-to-end project delivery: briefing, visual identity, development, SEO, launch and maintenance
- Built the JESS Portal, an in-house platform for project, client and billing management with an AI assistant

TECHNOLOGIES: React, Vite, JavaScript, SEO, Branding, Generative AI

Researcher · MSc in Computer Science

2026 - Present

PUCPR (Pontifícia Universidade Católica do Paraná) · Curitiba, Brazil · Full CAPES scholarship

- Research in Software Engineering and Human-Computer Interaction at PUCPR (PPGIA)
- First author of an ICEIS 2026 paper on PANDA, an LLM-supported heuristic evaluation tool
- Co-author of a WBOTS 2026 paper on selecting evaluation instruments for educational chatbots

TECHNOLOGIES: Flutter, Java, Spring Boot, MySQL, LLM (Gemini), Experimental studies

Programming Assistant

02/2025 - 08/2025

Evo Sistemas Inteligentes

- Maintenance and evolution of the company's system with Flutter, Java (Spring Boot) and MySQL
- Promoted from intern to Programming Assistant in July 2025
- Training of new interns: development environment setup and code standards

TECHNOLOGIES: Flutter, Dart, Java, Spring Boot, MySQL, Git

IT Intern Coordinator

05/2024 - 02/2025

City Hall of Piraquara · Hardware Department · Piraquara, Brazil

- Technical support, computer maintenance and end-user assistance
- Preparation of Preliminary Technical Studies (ETP) for the department’s procurement processes
- Built DOS, a Java and Spring Boot web system to track computers under maintenance
- Promoted to coordinator of the department’s intern team

TECHNOLOGIES: Java, Spring Boot, HTML, CSS, JavaScript, IT support

Systems Developer

09/2021 - 04/2023

DBlink Sistemas

- Built client solutions with GeneXus 9 and MySQL in an agile team using Scrum and Kanban
- Developed CRUDs and PDF and XML reports giving clients an overview of their data
- Software testing before deliveries

TECHNOLOGIES: GeneXus 9, MySQL, Scrum, Kanban, Software testing

EDUCATION

MSc in Computer Science (in progress) — 2026 - Present

PUCPR · Pontifícia Universidade Católica do Paraná · CAPES Scholar

BSc in Software Engineering — 2022 - 2025

PUCPR · Pontifícia Universidade Católica do Paraná · **Marcelino Champagnat Award, sole outstanding student of the class**

IT Technician (integrated high school) — 2019 - 2021

TECPUC · Centro de Educação Profissional Irmão Mário Cristóvão

PUBLICATIONS

A Tool Supported by LLM for Heuristic Usability Evaluation — ICEIS 2026

First author · 28th International Conference on Enterprise Information Systems · SCITEPRESS · Vol. 3, pp. 1916 to 1927

Gabriel Felipe Jess Meira, Brunno Tatsuo Noda Bandeira da Cruz, Tiago Vieira Paulin, Pedro Henrique Dias Valle, Leo Natan Paschoal

Presents PANDA, a heuristic evaluation web tool with an LLM-based assistant (Gemini), validated in an experimental study with 12 evaluators using TAM 3.0, showing high acceptance (medians above 5.5 out of 7). DOI: 10.5220/0014829900004018

Uma Ferramenta para Apoiar a Seleção de Instrumentos de Avaliação de Chatbots Educacionais — WBOTS 2026

Co-author · Workshop sobre Bots na Engenharia de Software · SBC · pp. 16 to 22

Mariana Almeida Faustino, **Gabriel Felipe Jess Meira**, Silvana Morita Melo, Leo Natan Paschoal, Pedro Henrique Dias Valle

Web tool that organizes, based on a systematic literature mapping, evaluation instruments for educational chatbots into a searchable, filterable catalog. DOI: 10.5753/wbots.2026.33025

TECHNICAL SKILLS

LANGUAGES: Java, JavaScript, TypeScript, C#, PHP, Python, Dart, SQL, HTML5, CSS3

BACK-END: Spring Boot, Spring MVC, Spring Data JPA, .NET / .NET Core, Entity Framework, REST APIs

FRONT-END & MOBILE: React, Vite, Tailwind CSS, Flutter, Responsive design, PWA

DATABASES: MySQL, SQL Server (T-SQL), Supabase

PRACTICES & TOOLS: Git, GitHub, GitHub Actions, Git Flow, Scrum, Kanban, UML, BPMN, Software testing (Robot Framework), Design Patterns (MVC, Repository)

AI & RESEARCH: LLM (Gemini), Human-Computer Interaction, Heuristic evaluation, Experimental studies

BUSINESS: Branding, SEO, Requirements gathering, Procurement studies (ETP), Power BI, Office Suite

BRIEF EXPERIENCE: GeneXus, COBOL, Hadoop, Apache Spark

FEATURED PROJECTS

Portal JESS · JESS · 2026 — jessbranding.com.br/portal

JESS's project, client and billing management platform, with client-editable content and an AI assistant.

PANDA · Product · 2025 — gabrielfjm.github.io/flutter-pandyzer

Heuristic evaluation tool (Nielsen) with an LLM assistant, subject of the paper published at ICEIS 2026.

GM Select Brasil · JESS client · 2026 — gmselectbrasil.com.br

Digital catalog of new and used products, with category navigation and WhatsApp orders.

Rancho da Cozinha · Personal app · 2026 — rancho-da-cozinha.vercel.app

Offline-first recipe PWA with cooking mode, nutrition facts and Supabase sync.

Riss Planejados · JESS client · 2026 — rissplanejados.com.br

Premium corporate website for marble, granite and surface solutions, with portfolio and WhatsApp lead capture.

WBOTS 2026 · Academic event · 2026 — w-bots.github.io/wbots/2026

Official website of the Workshop on Bots in Software Engineering.

ADDITIONAL INFORMATION

LANGUAGES: Portuguese (Native), English (Intermediate (technical reading))

SOFT SKILLS: Leadership, Communication, Responsibility, Problem solving, Adaptability, Continuous learning

VOLUNTEERING: Coordinator of Communication Ministry and Altar Servers, Our Lady Help of Christians Parish (current)
